AUGUST 2026

Happiness and Wellbeing Centre Officially Opens at Sherubtse College

The Happiness and Wellbeing Centre at Sherubtse College officially opened its doors on 3 August 2026, welcoming students, staff, and faculty to a safe, comfortable, and supportive space. The Centre brings together a range of services designed to promote relaxation, personal growth, and overall wellbeing. With facilities including lounge spaces, a mini library, filtered drinking water, printing services, and a Counsellor's Office, the Centre aims to make wellbeing support more accessible and counselling a more normal and approachable part of campus life.

Companion Tree

The Companion Tree offers a meaningful space for friends and couples to celebrate their relationships. Visitors can tie a ribbon onto the tree and make a wish for a long, healthy, and lasting relationship, turning the tree into a symbol of friendship, companionship, and togethernes

Ambition Tree

The Ambition Tree provides a space for Sherubtseans to express their dreams, aspirations, and hopes for the future. By writing their wishes and hanging them on the tree, students and members of the college community can turn their goals into a visible reminder of hope, determination, and personal growth.

International Youth Day 2026

SSAN, in collaboration with Y-PEER Sherubtse, marked International Youth Day 2026 under the theme "Different Contexts, Common Aspirations." The celebration brought young people together to reflect on their shared hopes, voices, and aspirations through engaging sessions on SRHR, CSE, and PEER Helping, alongside interactive team-building activities. The event concluded with a Youth Pledge, encouraging participants to take positive action, support one another, and contribute meaningfully to their communities. The celebration served as a reminder that despite different backgrounds and experiences, young people share a common vision for a more supportive, empowered, and inclusive future.

Promoting Wellness Through Yoga

On 22 August 2026, the Sherubtse Students' Association Network (SSAN), in collaboration with DANTAK, organised a yoga session to promote physical and mental well-being among students. The session provided a refreshing break from academic routines through guided yoga postures, breathing exercises, and relaxation techniques, encouraging students to practise mindfulness and healthy living. The initiative highlighted the importance of physical activity, stress management, and maintaining a balanced lifestyle, reflecting SSAN and DANTAK's commitment to supporting the holistic well-being of the Sherubtse community.

SSAN Members Extend Community Support During Annual Yarney Retreat

Student volunteers from the SSAN conducted a dedicated service at the Choekhortsi Shedra during the annual Yarney (Summer Retreat). Coming together to support the monastic community, the volunteers actively assisted in preparing and cutting vegetables for the daily meals, embodying the core values of compassion, community service, and spiritual solidarity throughout the retreat period.
