BASIC COUNSELLING & MINDFULNESS

WORKSHOP — BATCH VI

The first session of Batch VI was successfully conducted.
Participants explored the meaning and purpose of counselling while developing essential skills in listening, empathy, understanding, and peer support.

A meaningful journey of learning and growth begins here.
Listen with empathy. Understand without judgement.
Support with compassion.

HAPPINESS HACKATHON 2026 | WORLD SUICIDE PREVENTION DAY

To mark World Suicide Prevention Day, a student-led Happiness Hackathon was organized by BYF in collaboration with SSAN and Y-Via.

Theme: “Creating Hope, Building Connections: Student Solutions for a Happier and Healthier Campus”. With 30 participants in five groups, students developed solutions to promote wellbeing and stronger campus connections.

1st Place: Tutor-based support system to reduce student isolation.

2nd Place: Connection Corner, Buddy Connect, and Talk to a Stranger Day to address loneliness.

The winning ideas were implemented during Suicide Prevention Month.

WEEKLY YOGA SESSION SSAN and DANTAK

The Sherubtse Student Assistance Network (SSAN), in collaboration with DANTAK, conducted a weekly yoga session featuring traditional Patanjali-based yoga practice. The session provided students with an opportunity to practise mindfulness, relaxation, and physical wellbeing while strengthening the Indo-Bhutanese friendship through meaningful wellness activities.
Students interested in joining future sessions are warmly encouraged to participate.

BASIC COUNSELLING & MINDFULNESS WORKSHOP — BATCH VI | SESSION 2

The second session of the Basic Counselling and Mindfulness Workshop – Batch VI was successfully conducted, focusing on Mindfulness.

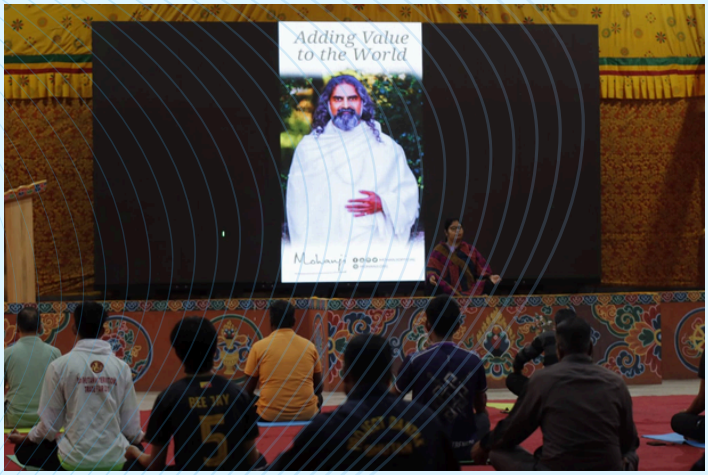

Participants were introduced to the Seven-Point Body Posture and guided through practical mindfulness exercises.

The session highlighted how mindfulness can support emotional awareness, effective communication, healthier relationships, and a positive learning environment.

Learning to pause. Learning to notice. Learning to respond with awareness

BUDDY CONNECT | INTERNATIONAL DAY OF PEACE

To mark the International Day of Peace, SSAN collaborated with BYF and Y-Via to organize Buddy Connect, a student-led initiative promoting connection and harmony on campus.

Through the Buddy Connect website, 475 Sherubtseans registered and were randomly paired with a secret buddy, encouraging students to meet new people and build meaningful connections.

Buddies also visited the Happiness and Wellbeing Centre to participate in a ribbon-tying activity and share ideas for creating a more peaceful campus.
Peace begins with connection, and change begins with an idea.

WEEKLY YOGA SESSION | MINDFULNESS PRACTICE

The weekly yoga session included a 45-minute mindfulness practice, beginning with a short breathing exercise. The session encouraged participants to practice stillness, awareness, and patience while learning the importance of gradual progress in mindfulness.

The practice was guided by the Mrs. of the DANTAK Officer Commander, a student of Mohanji. We appreciate her continued guidance and support for the wellbeing activities.

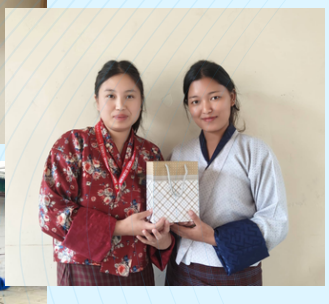

Dedicated mindfulness sessions will be held approximately once a month as part of the weekly wellbeing programme.

OUR PEACE CHAMPIONS | BUDDY CONNECT

Congratulations to the three Buddy pairs recognised for their thoughtful ideas on creating a more peaceful and harmonious Sherubtse.
Their ideas remind us that peace can begin with a simple idea, meaningful conversation, and willingness to make a difference.

WEEKLY YOGA SESSION | NANGPA SOWA LUEJONG

The weekly yoga session was conducted with guidance from a Nangpa Luejong instructor from Yarabling Higher Secondary School.

Participants continued learning and practising Nangpa Sowa Luejong, promoting wellbeing, mindfulness, and healthy routines.

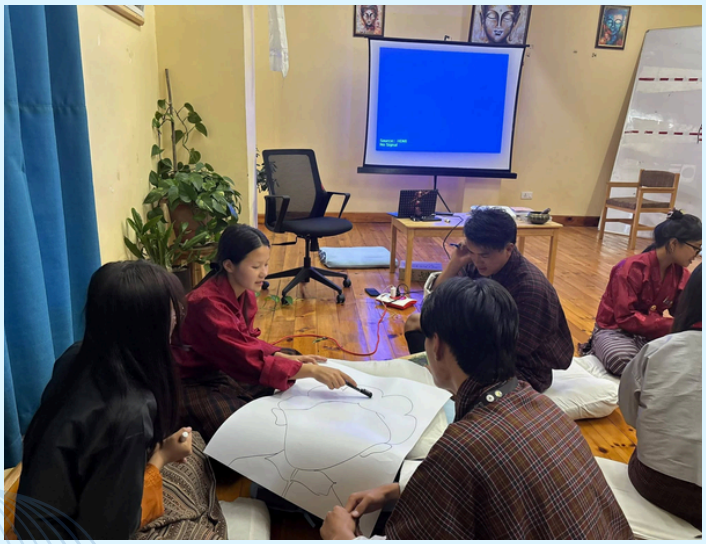

Thank you to the instructor and everyone who participated.

BASIC COUNSELLING & MINDFULNESS WORKSHOP BATCH VI | SESSION 3

The third session of Batch VI focused on “Characteristics of an Effective Helper.”

Through group activities and presentations, participants explored key qualities of an effective helper, including active listening, empathy, communication, confidentiality, cultural sensitivity, patience, and a non-judgemental attitude.

The session concluded with an activity on recognising emotions without judgement, encouraging greater awareness and empathy.
